

Projects financed by state scientific grants competition for fundamental research in 2017

#	Project Code	Grant recipient	Proposal title	Leading Organization	Research Fields
1	FR17_31	Shorena Sadzaglishvili	Prevention of HIV infection with street-related youth	Ilia state university	5. Sociological sciences
2	FR17_62	Nino Doborjginidze	Epigraphic Corps of Georgia (standardized digital edition)	Ilia state university	7. Studies of Georgia
3	FR17_74	Nodari Ughrelidze	Develop spatial modulation schemes for modern wireless telecommunication systems	Caucasus University	2. Engineering and Technologies
4	FR17_76	Liana Melikishvili	Relations between Armenian-Azerian ethnic groups in Georgia (Kvemo Kartli) and their dynamic dynamics	International Scientific Research Institute of the Peoples of the Caucasus	5. Sociological sciences
5	FR17_85	Marine Kobeshavidze	Specification of Spanish toponyms, anthroponics and sectoral terms (in the fields of linguistic-literary, legal and public administration) and elaboration of norms in their use in Georgian language	Ivane Javakhishvili Tbilisi state university	6. Humanitarian sciences
6	FR17_86	Murman Papashvili	Georgia in the XVI century European sources	Ivane Javakhishvili Tbilisi state university	6. Humanitarian sciences
7	FR17_87	Tinatin Margalitadze	Gothic and Anglo-Saxon written monuments online-puzzle with grammar and grammar	Ivane Javakhishvili Tbilisi state university	6. Humanitarian sciences
8	FR17_89	Tina Ivelashvili	Religious minorities in Samtskhe-Javakheti	Samtskhe-Javakheti State University	6. Humanitarian sciences
9	FR17_91	Lia Tsuladze	Discourses on Europeanization after Visalibrilization in Georgia	Social Science Center	5. Sociological sciences

10	FR17_94	Nato is darling	Trajectories for Executive Functions and Sleep AE Indexes typically in development and ADHD in children - to relate to brain maturation process	Ilia state university	3. Medicine and health sciences
11	FR17_96	Grigory Giorgadze	Riemann-Hilbert's Objectives on Riemann Surfaces and Homophobic Fibration Invariants	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
12	FR17_101	Tengiz Verulava	The primary health care system and its role in raising health capital (on the example of Georgia)	Ilia state university	3. Medicine and health sciences
13	FR17_102	Ramaz Katsarava	Development of biodegradable nanomaterials for oral ophthalmic medicines	Georgian Agricultural University	3. Medicine and health sciences
14	FR17_107	Giorgi Mamatsashvili	Anicotropic nature of the subcutaneous magnetohydrodynamic turbulence in plasma smooth transitions	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
15	FR17_109	Ivane Amirkhanashvili	Intercultural space - Rustaveli and Nizam	Ivane Javakhishvili Tbilisi state university	6.Humanitarian sciences
16	FR17_122	Jaroslava Babic	Economic Development of Georgia: Development from Village to City without Migration	ISET Research Institute	5. Sociological sciences
17	FR17_127	Lela Khachidze	Byzantine and Georgian Hymnographical Heritage (The Lenten of St. George Mtatsmindeli)	Korneli Kekelidze's house National Center of Manuscripts	6.Humanitarian sciences
18	FR17_138	Gocha Japaridze	War ideology in Georgia and the Middle East (Christian Divine War and Islamic Jihad)	Ivane Javakhishvili Tbilisi state university	7. Studies of Georgia
19	FR17_140	Besik Kankia	Primary diagnosis of maternal diagnosis and DNA	Ilia state university	1. Natural Sciences
20	FR17_144	Davit Chitanava	Samegrelo village in ancient times and now	Ivane Javakhishvili Tbilisi state university	7. Studies of Georgia
21	FR17_158	Giorgi Gogolashvili	The Grammar of the Georgian Language Between Norms and Variations	Ivane Javakhishvili Tbilisi state university	6.Humanitarian sciences
22	FR17_160	Rusudan Cholokashvili	Study of the Georgian folklore published in the Russian press of 1836-1927	Ivane Javakhishvili Tbilisi state university	6.Humanitarian sciences
23	FR17_170	Darejan Tavtavadze	To prepare the critical text of the Old Georgian translation of the Gospel of John	Ivane Javakhishvili Tbilisi state university	6.Humanitarian sciences
24	FR17_178	Nato Tsuleiskiri	Imereti sociolinguistic picture of 80-90s of XIX century and 10th-20th years of XX century in Kutaisi press	Akaki Tsereteli State University	6.Humanitarian sciences

25	FR17_184	Tamar Jobava	Study of rare processes at the Atlas experiments of CERN's Great Accelerator Accelerator (Phase 2)	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
26	FR17_187	Nanuli Dolaberidze	Research of the process of formation of fine zeolite crystals and scientific basis for the possibility of creating new materials	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
27	FR17_220	Manana Gelashvili	History of History and Translation of James Joyce in Georgia	Ivane Javakhishvili Tbilisi state university	6.Humanitarian sciences
28	FR17_221	Mariam Didebulidze	Architecture perception and representation in medieval Georgia	Giorgi Chubinashvili st. National Research Center for History and Monument Protection of Georgian Art	6.Humanitarian sciences
29	FR17_229	Maia Ninidze	New Textological Studies and Chronic Origenian Life and Creativity Chronicle (bilingual edition)	Ivane Javakhishvili Tbilisi state university	6.Humanitarian sciences
30	FR17_230	Mirian Makharadze	Akhaltsikhe-Artanuji region of XVI-XVIII centuries according to Othalagi	Ivane Javakhishvili Tbilisi state university	7. Studies of Georgia
31	FR17_235	Dali Gaganidze	Potato cyst nematodes (Globodera rostochiensis, G.pallida) Study in Georgia and pathotypes identification	Laboratory of the Ministry of Agriculture of Georgia	1. Natural Sciences
32	FR17_252	Olegi Kharshiladze	Non-linear dynamics of multicolor soliton and violet type structures in complex continuous environments	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
33	FR17_257	Giorgi Gotsiridze	Academic edition of epistolary heritage of Georgian scholar-historians (I-II tribes)	Iakob Gogebashvili Telavi State University	6.Humanitarian sciences
34	FR17_271	Ketevan Mikeladze	Medieval paintings in Georgia	Giorgi Chubinashvili st. National Research Center for History and Monument Protection of Georgian Art	6.Humanitarian sciences
35	FR17_279	Khatuna Chargazia	Non-linear coherent structures and strong vortex turbulence in atmosphere and ionosphere	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
36	FR17_289	Mikheil Asatiani	The protease activity of the basiasis: biodiversity, physiological regulation of synthesis and biochemistry	Georgian Agricultural University	1. Natural Sciences

37	FR17_290	Nikoloz Vacheishvili	Complex monitoring and diagnostics of cultural heritage monuments	Ilia state university	1. Natural Sciences
38	FR17_292	Victor Zviadauri	Mathematical modeling of vibrating technological processes and designing new, high-performance vehicles	Rafael Dvali Institute of Machine Mechanics	2. Engineering and Technologies
39	FR17_293	Taras Gabisonia	Effective use of bacteriophages for prevention and treatment of salmonella infections in poultry	Giorgi Eliava's house Institute of Bacteriophage, Microbiology and Virology	4. Agrarian Sciences
40	FR17_313	Sophiko Skhirtladze	Evaluation of the state support program for small and medium enterprises in Georgia	ISET Research Institute	5. Sociological sciences
41	FR17_323	David Kuridze	Solar Velocity Valley: Observation and Modeling	Ilia state university	1. Natural Sciences
42	FR17_325	Aleksandre Shengelaia	Search for high temperature superconductivity in metallic oxide boundaries	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
43	FR17_331	Givi Papava	The ways of eradicating ecological problems caused by mineral fertilizers are due to new technology	Ivane Javakhishvili Tbilisi state university	2. Engineering and Technologies
44	FR17_333	Marina Butskhrikidze	Antidepressant action of low-frequency electromagnetic fields of acoustic range	Ivane Beritashvili's Experimental Biomedicine Center	1. Natural Sciences
45	FR17_353	Dodo Tavdiashvili	Develop healthy food production and storage technologies using bunches	Akaki Tsereteli State University	2. Engineering and Technologies
46	FR17_354	Jambul is a plan	Wainberg Modified Approach for Baron-Baronic Interaction in the SU (3) Sector	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
47	FR17_357	Goderdzi Didebulidze	The ionosphere F2 is the spatial and temporal behavior of electrons concentrating on the atmospheric waves: moving ionospheric concerns	Ilia state university	1. Natural Sciences
48	FR17_371	Maia Buttsashvili	Heavy fibrosis, infected with hepatitis C infected, patients with direct action antiviral drugs	Health Research Union	3. Medicine and health sciences

49	FR17_387	Giuli Shabashvili	Development of semantics of perfection and its grammatical realization in Georgian	Ivane Javakhishvili Tbilisi state university	7. Studies of Georgia
50	FR17_388	Ramaz Kurdadze	Category of denial in Kartvelian languages	Ivane Javakhishvili Tbilisi state university	7. Studies of Georgia
51	FR17_391	Nana Shatashvili	Formation of structures and generation of large-scale fields caused by magnetic-gas blades in astrophysical plasma and fluids	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
52	FR17_415	Giorgi Bedianashvili	Changes and continuity from ancient times including ancient times: Multidisciplinary studies In the upper waist of the Mtkvari River, residence of Rabati	Georgian National Museum	6. Humanitarian sciences
53	FR17_416	Kakhaber Surguladze	Catholics and Catholics in XIX-XXI Centuries (History, Culture, Modernity)	Batumi Shota Rustaveli State University	6. Humanitarian sciences
54	FR17_431	Ioseb Chikvaidze	Potential intercalators and fluorescent biomarkers based on heterocytes	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
55	FR17_439	Mirchi Marin	Rules based approach to attributes	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
56	FR17_442	Ekaterine Jaiani	Viruses in the Black Sea: Diversity, Dynamics of Community and Virus-Host Interactions	Giorgi Eliava's house Institute of Bacteriophage, Microbiology and Virology	1. Natural Sciences
57	FR17_444	Mariam Gaidamashvili	Developing effective methods for cryotherapy for long-term conservation of genetic resources of endangered species of Georgian endangered species	Ivane Javakhishvili Tbilisi state university	2. Engineering and Technologies
58	FR17_454	Tea Godoladze	Establishment of a rapid definition of the regional earthquakes and introduction of a private system for Georgia	Ilia state university	1. Natural Sciences
59	FR17_466	Tamar Magalashvili	Customer-centered on organizational strategies and policies in Georgian public services	Ilia state university	5. Sociological sciences

60	FR17_471	Mikheil Chikhradze	Exploration of the explosion of energy and determining the design parameters of the protective system	Grigol Tsulukidze Mining Institute	2. Engineering and Technologies
61	FR17_478	Giorgi Tsagareli	Receipt of nanopores and suspension of modified iron manganese dioxide for supercontrollers	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
62	FR17_485	Ioseb Salukvadze	Relationship between economic activities carried out by tourism and population: formation of sustainability of mountainous regions	Ivane Javakhishvili Tbilisi state university	5. Sociological sciences
63	FR17_486	Marine Bezhuashvili	Correlation of Immunity of Georgian Vineyard Vineyards with Phytoslæin-Stilbenoid	Georgian Agricultural University	4. Agrarian Sciences
64	FR17_489	Erekle First	Are Georgian Private Sector Entities Engaged in Financial Information Manipulation?	Caucasus University	5. Sociological sciences
65	FR17_503	Clara (Inga) Karaaya	Virtual Aesthetic of Georgian Moving Cultural Heritage Based on Studies in Protected Areas in St. Petersburg Museums	Tbilisi Apollon Kutateladze State Academy of Arts	6. Humanitarian sciences
66	FR17_504	Irine Varshalomidze	Coin catalog of the Khariton Akhvlediani Museum in Adjara	Batumi Shota Rustaveli State University	6. Humanitarian sciences
67	FR17_506	Caesar Goletiani	Nervous bases of visual discrimination in the virtual brain with in vitro	Georgian Agricultural University	3. Medicine and health sciences
68	FR17_523	David Kakulia	Detecting objects under the surface of the earth with electromagnetic sensors	Ivane Javakhishvili Tbilisi state university	2. Engineering and Technologies
69	FR17_529	Nato Kutaladze	Weather forecasting and short-term forecast for Georgian conditions	Institute of Geosciences and Technologies Development	1. Natural Sciences
70	FR17_534	Lali Shanshiashvili	Participation of citrilled proteins in the activity of methyl cycle and neurological diseases	Ilia state university	1. Natural Sciences
71	FR17_548	Teimuraz Davitashvili	Study of changes in some climate characteristics on the territory of Georgia on the basis of forecasted regional models of ensemble	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
72	FR17_554	Tea Kartvelishvili	Documentary sources (diplomas, epigraphic monuments, manuscripts of the manuscripts) about the kings of Kartli and Kakheti (1600-1662) of the XVII century (publication and research of sources)	Korneli Kekelidze's house National Center of Manuscripts	6. Humanitarian sciences
73	FR17_557	Nikolai Kovalev	Jury Judge Reform in Georgia - First Steps and First Challenges	Ilia state university	5. Sociological sciences
74	FR17_566	Davit Bedoshvili	Restoration, characterization and protection of Georgia's endemic and wild wheat collection	Georgian Agricultural University	4. Agrarian Sciences

75	FR17_570	Dimitri Khoshtaria	Copper ions coefficient with globular proteins. polypeptides and amino acids: the fundamental and applied aspects of their unique electrical-carrier properties	Ivane Beritashvili's Experimental Biomedicine Center	1. Natural Sciences
76	FR17_576	Eva Kachlishvili	Production of lignin-depleted enzymes by wooden depleting basiliometers: problems and solutions	Georgian Agricultural University	1. Natural Sciences
77	FR17_581	Manana Kereselidze	Facilitate production of biomass by means of safe and innovative means of environment	Agricultural Research Research Center	4. Agrarian Sciences
78	FR17_587	Nino Chkheidze	Space objects as springs of very high energy cosmic rays	Ilia state university	1. Natural Sciences
79	FR17_589	Amiran Gogatishvili	Functions spaces and some problems of harmonious analysis	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
80	FR17_609	Bidzina Shergelashvili	Phenomenological statistical model of flows in the vicinity of the Sun	Ilia state university	1. Natural Sciences
81	FR17_614	Vladimer Elisashvili	Evaluation of antibacterial activity of Georgian basiliocytes and development of their biosynthetic potential improvement strategies	Georgian Agricultural University	2. Engineering and Technologies
82	FR17_615	Givi Gavardashvili	Theoretical Survey of Vulnerable Infrastructure Security Risks in Creating Expected Disasters	Georgian Technical University	1. Natural Sciences
83	FR17_621	Irina Tavuri	Study of genetically important species of forest and taxonomic identification in Georgia	Agricultural Research Research Center	4. Agrarian Sciences
84	FR17_624	Malkhaz Toria	Georgian National Identity and "Places of Memory": Dominant and Alternative Perspectives of the Past	Ilia state university	7. Studies of Georgia
85	FR17_629	Nanuli Doreuli	Study of antiepileptic potential of quercetin-related magnetic nanoparticles in animal models of epilepsy	Ivane Javakhishvili Tbilisi state university	3. Medicine and health sciences
86	FR17_633	Tamar Jimsheladze	Evolution of the evolution of geodynamic processes and prediction	Ivane Javakhishvili Tbilisi state university	1. Natural Sciences
