

Winners of Research grants for young scientists in 2017

| # | code | Young scientist | Project title | Host institution | Research Fields |
|----|---------|------------------------|--|--|---------------------------------|
| 1 | YS17_8 | Nikoloz Aleksidze | Early Georgian translation hagiography as a source | Korneli Kekelidze's National Center of Manuscripts | 7. Studies of Georgia |
| 2 | YS17_10 | Dzneladze Sopio | Anionic ATP with a neurotransmitter regulation mechanism | Ivane Beritashvili's Experimental Biomedicine Center | 1. Natural Sciences |
| 3 | YS17_12 | Levan Tielidze | Caucasus Glaciers Monitoring Network | Ivane Javakhishvili Tbilisi State University | 1. Natural Sciences |
| 4 | YS17_15 | Vladimer Mikelashvili | Bio-use magnetic nanoscopy synthesis using plasma processing in fluid | Georgian Technical University | 2. Engineering and Technologies |
| 5 | YS17_23 | Nino Tsereteli | Legislation regulating judges' independence and practice-empirical research | Ilia state university | 5. Social sciences |
| 6 | YS17_32 | Nikoloz Nioradze | Voltametric characterization of redox proteins functioning on nanostructured carbon surfaces | Ivane Javakhishvili Tbilisi State University | 1. Natural Sciences |
| 7 | YS17_36 | Nino Skhirtladze | Go to Adult - Development Prerequisites and Results | Ilia state university | 5. Social sciences |
| 8 | YS17_40 | Sofia Shengelia | Fractal matrix structures and synthesis | Sokhumi State University | 2. Engineering and Technologies |
| 9 | YS17_43 | Vladimer Gamsakhurdia | Research on the importance of Georgian academic process and internal dialogue | Ivane Javakhishvili Tbilisi State University | 5. Social sciences |
| 10 | YS17_45 | Aleksandre Boshishvili | Ethnic and demographic picture of Kvemo Kartli (history and modern status) | Ivane Javakhishvili Tbilisi State University | 7. Studies of Georgia |
| 11 | YS17_49 | Mikheil Pipia | Storm in Georgia | Institute of Hydrometeorology at Georgian Technical University | 7. Studies of Georgia |

| | | | | | |
|----|----------|--------------------|--|---|---------------------------------|
| 12 | YS17_53 | Nana Tsiklauri | Study of antiinocytotoxic tolerance in the radiation rhythmic arthritis model in the radiation of the cancer in the central nucleus of amigadda. | Ivane Beritashvili's Experimental Biomedicine Center | 7. Studies of Georgia |
| 13 | YS17_60 | Teimuraz Jojua | Study of five Georgian manuscript books and their vows in X-XIV centuries protected in the Austrian National Library (descriptions of manuscripts, corpus and cosmology corps, coding and historical-surveying research) | Ilia state university | 7. Studies of Georgia |
| 14 | YS17_63 | Gela Qistauri | Historical - ethnological essence of the syncretistic religion of Mtiuleti. | Georgian Patriarchate St. Andrew the First Called Georgian University | 7. Studies of Georgia |
| 15 | YS17_65 | Manoni Kodua | Investigation of the Poti coastline lithodeinamics and justification of coast guard measures | Georgian Technical University | 7. Studies of Georgia |
| 16 | YS17_67 | Tea Dularidze | Forms of dissemination and dissemination of information in ancient Greece - from the archaic to the democratic aten | Ivane Javakhishvili Tbilisi State University | 7. Studies of Georgia |
| 17 | YS17_71 | Levan Uridia | Epistemic concepts in structured multi-agent systems | Ivane Javakhishvili Tbilisi State University | 1. Natural Sciences |
| 18 | YS17_78 | Nugzar Kereselidze | Informational War Automated Information System (IoA) | Sokhumi State University | 1. Natural Sciences |
| 19 | YS17_80 | Tamar Dograshvili | Active Learning of Junior Classes (I-III Classes) with Mathematical Objectives with Context and Interrelated Links | Kutaisi Akaki Tsereteli State University | 5. Social sciences |
| 20 | YS17_85 | Levan Mumladze | Research of community communities on the example of artificial forests of Javakheti | Ilia state university | 1. Natural Sciences |
| 21 | YS17_90 | Giorgi Khuparadze | Study of the influence of competition policy on investment activities | Black sea international university | 5. Social sciences |
| 22 | YS17_96 | Mariam Chigladze | Study of structural and morphological changes associated with memory function in the prephrotron cortex under the injection of okadaic acid in rat brain ventricles | Ivane Beritashvili's Experimental Biomedicine Center | 3. Medicine and health sciences |
| 23 | YS17_102 | DaviT Gvardjaladze | Quadruplex-primary amplification within the normal body of the human body | Ilia state university | 1. Natural Sciences |
