

Winner projects of the State Scientific Grant Competition "researches with participation of students" in 2012

N	Project code	name, surname	Project title
1	SC/3/9-101/12	Larisa Shengelia	Study of each glaciers of the Caucasus in the light of modern climate changes by using satellite data.
2	SC/10/9-220/12	Lia Machavariani	Sorting and recycling of household waste in ecological village
3	SC/20/5-104/12	Grigoli Sokhadze	Study of free time distribution by young people by using mathematical-statistical methods
4	SC/8/7-140/12	Marina Nagervadze	Determination of quantitative and qualitative characteristics of Daltonism by using the example of Adjara region
5	SC/18/9-240/12	Nodar Kekelidze	outlining the pollutants in the environmental objects
6	SC/22/6-110/12	Nugzar Ghomidze	Monitoring and evaluation of electromagnetic waves
7	SC/21/6-260/12	Ioseb Metskhvarishvili	Preparation and research of YBaCuO
8	SC/7/9-270/12	Aleksandre Surmava	Proliferation of the Iod-131 in the atmosphere of the Iod-131 in the atmospheric eruption from the Armenian nuclear power plant, processing the numbering model and the study of the radioactive contamination of the Caucasus environment
9	SC/24/9-280/12	Lali Shavliashvili	Degradation of land resources in the light of modern climate change
10	SC/28/5-106/12	Archili Papukashvili	issues of approximate solving the one class singular integral equations
11	SC/11/7-160/12	Nana Zarnadze	study of microreproduction of Actinidia Delicioza in vitro culture
12	SC/15/7-170/12	Elene Petriashvili	Impact of Anthropogenic Factors on the Alazani River and Dynamics of Self-Cleaning Processes
