

TUBITAK 2236-A Co-Funded Brain Circulation Scheme3 (CoCirculation3) – 2025 Call for Applications Published

Dear Researchers, Research Performing Institutions,

The 2025 call of [TUBITAK 2236-A Program](#) has been published by TUBITAK to support postdoctoral researchers in conducting research at leading institutions in Türkiye.

Funded under the European Commission's MSCA [COFUND](#) 2023 call, the [CoCirculation3 project aims to enhance Türkiye's research and innovation ecosystem by attracting global talent.](#)

Researchers supported under the program (by TUBITAK) are expected to come from abroad and to carry out their projects for 24 months under the supervision of a host academic or non-academic institution in Türkiye. Additionally, the program offers an optional extension of up to 12 months in a non-academic organization.

- ◆ The 2025 call will be open for applications between 1 September 2025 and 1 December 2025.
- ◆ Applications must be submitted online via TUBITAK Management Information System ([TYBS system](#))
- ◆ A total of 33 researchers will be funded in 2025.

Scope of Support:

The monthly support provided to researchers under the program is as follows:

- Monthly salary: €3,980
- Family allowance: €600
- Research, training, and networking support: €1,000
- Entrepreneurship allowance: €250
- Host institution share: €130 (Paid to the host institution.)
- Monthly travel allowance: €50 (up to €1,200 in total)

Eligibility Criteria:

- Open to all researchers (any nationality) holding a doctoral degree.
- Applicants must not have resided or carried out their main activity in Türkiye for more than 12 months within the past 36 months.
- Research proposals are expected to be aligned with the European Green Deal.
